### About Alterdice

Alterdice describes itself as a cryptocurrency trading platform with low commissions. The team claims to offer the most liquid exchange in the world that allows users to exchange cryptocurrencies for other assets. It also offers a host of order types to help traders manage different scenarios. Alterdice aims to provide a secure, reliable, and stable environment for digital assets trading through its mobile application and web interface.

## **Income Disclaimer Policy**

While we make every effort to ensure that we accurately represent all the products and services reviewed on this website and their potential for income, it should be noted that earnings and income statements made by our Company and its advertisers / sponsors / affiliates are estimates only of what we think you can possibly earn. There is no guarantee that you will make these levels of PCNT income and you accept the risk that the earnings and income statements differ by individual.

As with any crypto mining business, your results may vary, and will be based on your individual capacity, mining experience, expertise, and level of desire. There are no guarantees concerning the level of success or income level you may experience. The testimonials and examples used are exceptional results, which do not apply to the average miner, and are not intended to represent or guarantee that anyone will achieve the same or similar results. Each individual's success depends on his or her background, dedication, desire and motivation.

This site may contain forward-looking statements that reflect our current expectation regarding future events and business development. The forward-looking statements involve risks and uncertainties. Actual developments or results could differ materially from those projected and depend on a number of factors, some of which are outside our control.

There is no assurance that examples of past earnings can be duplicated in the future. We cannot guarantee your future results and/or success. There are some unknown risks in crypto mining business and on the internet that we cannot foresee which could reduce results you experience. We are not responsible for your actions.

The use of our information, products and services should be based on your own due diligence and you agree that our Company and the advertisers / sponsors / affiliates of this website are not liable for any success or failure of your crypto mining business that is directly or indirectly related to the purchase and use of our information, products and services reviewed or advertised on this website. We make no claims of income and/or value of PCNT earned through the use of our website. Any claims made of actual earnings or examples of actual results can be verified upon request.

**Thank the Person  
who Invited you to PCNT**
