WHAT TO DO NEXT GUIDE : HOW TO BE SUCCESSFUL IN PCN

As of 8.29.21

I started this Helium project in January 2021. I spent about 4 days learning and researching about Helium, and found out that the founders are big people. One of them is the Founder of Napster, and their business plan is designed for 50 years.

Knowing that this is going to be a huge opportunity, I immediately engaged, and bought 20 Hotspots. Because of back orders due to shortage of chips, I received my first 10 units in April. The ROI (Return On Investment) is fantastic. I got all my money back in my first month!

I have a bible outreach program which I started 10 years ago, and in my own little way, I have donated thousands of bibles to churches in California, Nevada, Mexico, Arizona, and now focused on churches in the Philippines (www.BibleWarriorsGlobal.com).

And when I was talking to Pastors in the Philippines, they were telling me about the serious economic problems caused by the pandemic: lockdowns, their members lost their jobs, couldn't work to earn money, so everyone is having a hard time. If I send \$100 here, \$100 there, the moment they receive the money, they buy food and that's it. Then the light bulb turned on: the Helium Miner Hotspot is the solution!

So I setup the Help the Pastors Project (www.PCN.network) wherein we will deploy Hotspots for the Pastors and churches at ZERO cost to them. This way, the Hotspots can generate a monthly passive income to the Pastor and the members, so they have the monthly cash flow to fund their projects and be able to help more people, and at the same time feed the orphans and poor children.

To further enable the Pastors and church members earn EXTRA monthly passive income, I encouraged ALL the PCN affiliates to join me in the networking business of iHub.global, and be able to use the power of leverage thru their friends, relatives, and contacts in the USA, Canada, Europe and Australia.

I always think about what J Paul Getty said: I would rather have 1% of the efforts of 100 people than 100% of my own efforts.

With the power of leverage, I revised that: I would rather have 10% of the efforts of 1,000 people than 100% of my own efforts.

So I created a simple and duplicatable system to utilize the power of leverage. And it is working!

I signed up 109 personally in iHub, and our team has grown to 64,022 affiliates as of August 29, 2021.

Our team in PCN has grown to 6,325 affiliates in the Philippines, or a total of 70,347 in only 8 months!

You too, can build a big team by just following my simple and duplicatable system.

Follow my What to Do Next Guide. Just do it. It will work for you!

9. PCN is to Help the Pastors and Churches:

PCN is designed to help the Pastors and Churches to earn a monthly passive income by generating cash flow thru its unique compensation plan.

10. PCN is the ONLY COMPANY:

- That deploys hotspots at ZERO cost to the Pastors and churches.
- Where team members and investors can purchase hotspots and go to sleep. PCN takes care of the deployment of the hotspots to the Pastors and churches.

- The team members and investors earn 40% net of all the helium HNT mined by the hotspots, without doing anything. This is true passive monthly income, and an investor's dream.
- The team members and investors can earn more HNT because of the PCN 12 to 24 or more hotspot cluster strategy in the deployment of hotspots to the Pastors and churches.
- PCN will deploy hotspots to Pastors and churches in the Philippines, USA, Canada, Nigeria, Kenya, Bangladesh, Cambodia, and anywhere where Pastors and churches need PCN's help.

11. iHub.global: to enable the Pastors and church members earn EXTRA monthly passive income.

I encourage ALL the PCN affiliates to join me in the networking business of iHub.global, and be able to use the power of leverage thru their friends, relatives, and contacts in the USA, Canada, Europe and Australia.

- **We can help a lot of people in the Philippines, Africa, Asia, and other countries while they are on lockdown because of this pandemic:**

All they need is a cell phone. They sign up under you for FREE.

And they follow my simple system: copy, paste, post and text to ALL their contacts in USA, Canada, then Europe and Australia.

When their contacts watch the zoom presentations and learn that they:

- Sign up for FREE
- NO credit card needed
- Reserve and get a FREE helium miner hotspot
- Earn a passive monthly income

They will jump at the opportunity!

Many of them will want to Reserve multiple FREE Hotspots in different installation addresses.

Example: Maria lives in the Philippines. She receives your text, and watch the presentation. She signs up from her Cell phone for FREE. She cannot get a Free Hotspot because iHub is not open in the Philippines.

She watches my Leadership Training, then copy, paste, post and sends a text to ALL her relatives, friends in the USA, Canada, Europe, and Australia.

Note: for the FREE Hotspot offer, the priority is US and Canada. Europe and Australia will follow.

Maria's uncle Johnny in San Francisco receives her text, watches my video, gets excited, and signs up from Maria's link. Johnny reserves a Hotspot. When Johnny receives his Free hotspot, he earns a 10% commission on the HNT mined by his Hotspot while he sleeps. Maria earns a 10% override commission from the HNT that Johnny's hotspot mines every month, while she sleeps!

12. Read my iHub What to do Next Guide so you can build a big team in iHub and earn extra passive monthly income.

13. Watch the price of HNT.

When I started this Helium project in January, HNT was \$2.33.

Today, August 29, 2021, the price is \$23.05 !

The prediction is by Dec 2021, the price of HNT will be \$52;

and Dec 2022 HNT will be \$252 !

We are at the right place, at the right time.

Follow my simple system. Just do it! It works!

14. If you want to build a big team, send me a text. I'm on Whatsapp, or email me at Rick@PCN.network, and I will help you build your team big.
